

## Proxim Wireless 4G Backhaul for Cellular Voice and Data

Eliminates recurring leased line charges and delivers the high capacity needed to backhaul LTE, mobile WiMAX, and future 4G technologies.

PROXIM

### Client Description

Proxim Wireless Corporation (OTCQX: PRXM) is a leading provider of end-to-end broadband wireless systems that deliver the quadruple play of data, voice, video and mobility to all organizations today.

### Product Name

Monaco/Tsunami™ MP-8100 Series

### Documents Prepared

User Manual, Online Help

### Approach

Working with Proxim made TechTotal to enter into a new domain; Wireless Technology. TechTotal has fulfilled Proxim's urgent requirement of creating end-user documents by placing 3 man power and completing the documents in a very quick succession. The manuals had to be written for network engineers and field engineers to help them in installing the device, managing the device and monitoring the device.

**Number of Documents:** 4

**Number of pages:** 500

### Tools Used

- Adobe FrameMaker: To prepare documents
- Adobe RoboHelp: To import documents and generate Help File (.html)
- Microsoft Visio: To design work flow and architectural diagrams
- Adobe Acrobat: To generate PDF file from the Word Document
- Snag IT: Capture screenshots and edit the images.
- Adobe Photoshop: To design brochure layout, icons, cover and banner images.

**Team Size:** 3 Technical Writers, Lead, SME
